Scaler

PROFILE

I am a passionate **Full Stack Developer** with a **B.Tech in Computer Science**, specializing in the **MERN stack**. With hands-on experience at **PHN Technology Pvt. Ltd.**, I improved **user interfaces** and enhanced **application performance**. Skilled in **front-end and back-end development**, I create **responsive, user-friendly solutions**. I thrive in **collaborative environments** and aim to drive **impactful digital transformation**.

WORK EXPERIENCE

Web Development Intern

APRIL/2023 - JUNE/2023

PHN Technology Pvt. Ltd. [Link](#)

- Developed and improved **UI/UX design** for web applications, ensuring **responsive layouts**.
- Optimized **frontend performance** by improving page load times
- working with **HTML, CSS, JavaScript**, and **React**, and ensuring **cross-browser compatibility**.

PROJECTS

Collaborative Text Editor

[Repository](#) [Live Preview](#)

- Real-time collaboration** with features like document **creation, deletion, listing, and sharing**.
- Integrated **notifications** for **shares, comments, and activities**.
- Designed a fully **responsive UI** for seamless **user experience**.

Job Portal

[Repository](#) [Live Preview](#)

- Developed a **job portal platform** using the **MERN stack** to enable users to browse and apply for job postings.
- Implemented **search and filter functionality** to help users find jobs based on key criteria such as title, location, and company.
- Created an **admin dashboard** for managing job listings with role-based access and secure authentication.

Blog Application

[Repository](#) [Live Preview](#)

- Implemented **secure authentication using JWT** and a **responsive design** for seamless **user experience** across all devices, with **category-wise post viewing** for easy navigation.
- Developed an **admin panel** to allow admins to **create, delete, and update posts**, ensuring efficient content management.
